

## Changes

Don't loose control with JDisc's  
History Add-On!

## Keep track of changes on your network with JDisc Discovery!

Your IT environment is changing all the time. The JDisc Discovery History Add-On lets you create snapshots of your devices for later viewing and reference. The change history helps to isolate problems caused by changes in the network environment.

### Your benefits at a glance:

- Ready for use within just a few minutes
- Unlimited number of device history snapshots
- Review historical device information at any time
- Flexible scheduled snapshot creation
